The Wesleyan Alumnae Association Begins Celebration of The Centennial Year!

The President's Proclamation -

Whereas, Wesleyan, the first chartered college for women in the world, does this year celebrate the hundredth birthday of its Alumnae Association, and

Whereas, this has been a century of service and of dedication by the alumnae to the ideals of their alma mater, and

Whereas, while they have gone out from the college to build families, to teach, to guide, to lead, not only in their communities, but to the far corners of the world, still their hearts have remained true to Wesleyan, and

Whereas, the eyes of the world, as well as the hearts of Wesleyan women will be turning this historic year to our venerable institution,

Now, therefore, do I, B. Joseph Martin, President of Wesleyan College, officially declare this forthcoming year the Centennial Celebration of the Wesleyan Alumnae Association, with all honors and recognition to be accorded to the splendid line of Wesleyan's daughters and to their Association conceived one hundred years ago.

B. JOSEPH MARTIN,
President, Wesleyan College

The President's Pledge -

Whereas, the President of Wesleyan College has proclaimed this the Wesleyan Alumnae Association Centennial Year, and

Whereas, we the daughters of the Oldest and Best are filled with love and pride that our Association has attained its hallowed hundredth birthday, and

Whereas, we yearn to show our affection and loyalty to Wesleyan and recapture the joys and friendships of yesteryear,

Therefore, do we pledge ourselves, each and everyone, to join in the celebration of the Centennial of ours, the second oldest Alumnae Association in the world and strive to join together at the college for a grand home-coming in May 1959.

VIRGINIA McCLELLAN McCOWEN
President, Alumnae Association

An Interview With The Governor of Georgia

At ten o'clock on the morning of September 29, seventy-five alumnae of Wesleyan met with Governor Marvin Griffin in his office at the State Capitol. The Governor was most gracious, greeting each individually. Evelyn (Wright) Banks had made the appointment with Governor Griffin and had invited Alumnae from various part of the State to join her there to strengthen the request for assurance that the State would purchase Old Wesleyan as a Shrine and Tourist attraction.

The Governor welcomed the delegation cordially and Evelyn introduced Irene (Sewell) Hobby who had been chosen spokesman for the group. Irene congratulated Governor Griffin and all Georgians on the many things which his administration has accomplished. . . . "We think it is wonderful," she said, "to develop the Vann House, Jekyll Island, and Stone Mountain." She pointed out the fact that a Wesleyan alumna, Mrs. Helen Jamison Plane, was responsible for the original inspiration to make Stone Mountain a Confederate Memorial.

"Georgia is accused of being a laggard in education, yet she has the first college in the world chartered to grant degrees to women.

"Each state, of course, strives to promote its unique possessions, but few states can claim **any first** in the world! This first is one in which we can take the greatest pride. For the Old World, the Orient, and other places to be so steeped in generations of culture, it is almost incredible that our own state is first in the world in the field of woman's education.

"Nearly a century and a quarter ago this college was founded. The original building still stands. In its halls and steps are the deepened footprints of many thousands—just as Harvard, Yale, Princeton, and a few other schools lay bare such cherished imprints.

"Would that now we could light our candle from Alexander Steph-

ens' historic plea for Wesleyan's foundation in the state legislature in 1836! He was a pioneer. Yet I do not have to be so eloquent, for the intervening years have established his cause as sound and wise. Consider the thousands of colleges for women in our day. Yet Georgia possesses the first chartered one, and the original building is in imminent danger of being lost to the world!

"We, as Georgians, and you, as the first citizen of Georgia, have a trust to keep for the world! Wesleyan College began as a state institution. How fitting for the state to cradle its own! Already you have proclaimed Wesleyan a historic shrine. Now we ask you to claim it for a state historic shrine.

"It is as though this year was made for Old Wesleyan's purchase as a state shrine. This is the centennial anniversary of the Wesleyan Alumnae Association—"

Irene went on to describe a few of the plans for the Centennial Year, pointing out to Governor Griffin that "Each major event will become a part of the centennial celebration. The state's purchase of Old Wesleyan will be the highlight of the centennial year."

She told him of the plans for a historic pageant to be given during commencement, pointing out that one scene will feature the state's purchase of Old Wesleyan and one will feature the contributions made by the governors of Georgia.

"This year will be a natural for national publicity," she stated. "The alumnae are prepared to cooperate with the state in every way possible. The alumnae will be glad to lend the state the beautiful old furniture at Wesleyan. This furniture, as well as the building itself, will attract thousands of people. The alumnae are prepared to lend the state the alumnae museum. You saw a small section of it at commencement. This was set up only the day before. Countless items remain packed. Already the alumnae are planning to offer a floor of authentic bedroom furnishing. . . . A Hall of Fame, a room honoring past presidents of the college, and a Governors' Corridor are planned. Other rooms could house specialty items from Georgia

—crafts, lore, and such. Consideration has been given to the reproduction of early gardens. The alumnae have secured ample parking space, and have helped negotiate a purchase price within the appraisal figure. The two oldest national sororities, Alpha Delta Pi and Phi Mu, founded at Old Wesleyan, maintain beautiful rooms there and desire to cooperate.

"Old Wesleyan is centrally located—easily accessible to all schools in the state. Offers have been made to us to include Old Wesleyan on the school tours.

"State expenditure has been made to South Georgia and to North Georgia, but not to Central Georgia. Not only will Central Georgians appreciate this, but all Georgians. I quote from the Atlanta Journal of a few months ago, "Old Wesleyan should become a state shrine. All Georgians will be in favor of this move." We must make of Old Wesleyan, as Daniel Chandler said, "A monument, not a mockery to Christian education."

"From the mountains to the sea' Georgia's assets will be famous, but the greatest of these is Old Wesleyan!" she concluded.

In reply, Governor Griffin gave a very detailed explanation of the way in which the State funds have been spent. He assured the alumnae of his interest in the purchase of Old Wesleyan and stated that the purchase would be made if funds should be available before the end of his term of office.

The Alumnae paid short visits to the offices of State Auditor B. E. Thrasher, Jr. and the Attorney General Eugene Cook to express appreciation of their interest in the establishment of Old Wesleyan as a Shrine.

The alumnae were guests of Evelyn and Williams N. Banks for a lovely luncheon at the Capitol City Club. Although he was not able to be present, he sent his regards and sincere best wishes for the success of the visit to the Capitol.

Formal Opening Held At Wesleyan

The speaker for the formal opening of Wesleyan College, Thursday, September 18, 1958, was Bert Struby, General Manager of the Macon Telegraph and News. Mr. Struby was welcomed warmly to the campus where he had enough Wesleyan connections to elevate his prestige even before delivering the outstanding address of the evening. Bert's mother and two aunts, his only sister and his wife, the former Jane Spearman, class of 1946, are all alumnae of Wesleyan.

"This is no time to be mediocre, either

individually as a college or as a nation," said Mr. Struby. He stressed "commitment for the preservation of our way of life" as put forth in the Declaration of Independence, and said "it seems to me that we need a fuller appreciation, a re-dedication to these principles that are so vital to our freedom today."

Americans need to recapture their patriotic fervor and dedication for achievement, he said.

Dr. B. Joseph Martin, President of Wesleyan, presided and introduced the speaker and others on the program.

Most Distinguished Wesleyanne

Helen Glenn

Madame Chiang Kai-Shek, known to Wesleyannes as Maling Soong has been in the United States since June. Wesleyannes have had personal contact with her on at least three occasions, and we felt all of you would be interested in reading of the highlights of her appearances.

Newspapers have been most favorable in their reports, one headline describing her as the "famed freedom fighter." The *Washington Evening Star* wrote of her as "one of the most remarkable women of the twentieth century" and she was introduced to the National Press Club as "one of the world's most distinguished citizens."

Madame Chaing has received many new honors during her visit. The University of Michigan awarded her an honorary degree of Doctor of Laws (the twelfth honorary degree she has received). The Ann Arbor Business and Professional Women presented her an award "in appreciation for the message you have carried back to your people about our deep concern for human understanding and about us, the American people."

She flew to New Orleans to visit the bedside of the late General Claire Chennault, described as an old friend and fellow freedom fighter.

Jennie Loyall Anderson and Elizabeth Loyall Wood flew to New Orleans to attend a dinner party given in honor of Madame Chiang by former governor and Mrs. James A. Noe. They visited with Madame and saw her receive a certificate of honorary citizenship and the gold key to the city.

The twelve days spent in Washington were filled with more than 20 official luncheons, dinners and receptions. When she had luncheon at the White House, the gold service was used for the second time during the Eisenhower administration.

She was the fourth woman to address the National Press Club in its 50 years of existence. Although no women were allowed in the banquet room, Mary Gray Munroe Cobey ('34) was in the balcony. Feeling that she should share her experience with other Wesleyannes, Mary Bray wrote of meeting Madame Chaing: "Her charming face lighted with a most gracious smile 'Ah, Wesleyan! I am so happy to greet you.' In that fleeting moment I told her, and I am sure that I spoke for all Wesleyan Alumnae, how proud we are that she and her sisters are alumnae of Wesleyan."

"She is very beautiful, her hair black

Madame Charming

and her face serene and unlined. She wore a long Chinese style dress, black with a royal blue print—simple and elegant. Her hair was pulled back from her face with a small soft wave in front at the hairline."

Mary Gray described the standing ovation following Madame Chiang's speech on "How to Beat the Communist Challenge" President Jack Homer said that many scholars and people of distinction from all over the world had spoken in that room, but no speech had been "more eloquent or sobering."

Congressman Church complimented Madame Chiang at a luncheon given by a sub-committee of the House Foreign Affairs Committee: "Madame Chiang has been an inspiration to all of us who have known her. We admire her personal integrity and high courage with which she has been fighting all these years for her convictions. The entire

world is safer and richer because of the purpose and staunch devotion to freedom for which both Generalissimo and Madame Chiang have stood."

Described by Admiral Burke as "a living example of courage, firmness, and unequivocal stand for what she thinks right," Madame Chiang was made an honorary Brigadier General in the United States Marine Corps.

She attended the funeral of General Chennault before making three major addresses in the West and mid-West. She spoke at the 81st annual dinner meeting of the American Bar Association in Los Angeles, the first woman ever to be invited to deliver the principal address. Returning to Chicago, she addressed the National Convention of the American Legion Auxiliary, where she received a plaque in recognition of "brilliant service to humanity and the cause of peace and freedom."

Augusta Club

A morning coffee was given Tuesday, September 9th, at the home of Mrs. George Howard on Highland Avenue honoring Augusta area girls who are freshmen at Wesleyan College. Hostesses for the occasion were members of the Augusta Alumnae Club. They were assisted by Marcia Adams, Harriet Johnson, Beth Hankinson, Suzanne Mann, Karen Widdowson, and Connie Ashley, older Wesleyan Students.

Mrs. J. J. Carswell poured coffee from a table centered with an arrangement of yellow asters.

Each of the freshmen girls were presented a corsage of lavender flowers by the club president, Mrs. Joseph Ashley, Jr.

Other officers for the year are Mrs. W. L. Dupree, vice president; Mrs. G. D. Stephenson, secretary; and Mrs. George Howard, treasurer.

The honorees were Malin Burdison, Cecelia Hall, Pat Schler, Susan von Unwerth, and Betty Jo Wililams of Augusta; and Cynthia Miller of Aiken.

CORNELIA TURNER THORNTON

Cordele, Ga.

First Vice President

The year 1959 will be an important one in the history of the Wesleyan Alumnae Association. Since we will be observing our one hundredth birthday at our annual meeting during Commencement, it is fitting that the occasion be made a momentous one.

My office as First Vice President of the Wesleyan Alumnae Association gives me the responsibility of planning the program for our Alumnae Day. I am happy to announce that plans for an outstanding program are underway. The Centennial Committee has cooperated with me in making plans for a pageant depicting some of the highlights in the history of Wesleyan and the Alumnae Association. A Wesleyan graduate is writing the pageant and it will be produced at Wesleyan by another Wesleyan graduate who is a member of the faculty of the speech department.

It is hoped that a record crowd will be present Alumnae Day to help us appropriately observe another important milestone in the history of our organization.

KATHERINE JORDAN STEWART

Second Vice President

As our Second Vice President it is my duty to assist you in the organization of Wesleyan Alumnae Clubs far and wide and to add new interest and enthusiasm to the Wesleyan Clubs already organized.

I will be glad to help you with your meeting and if you desire will try to bring someone with me from the College who will assist with the program. Clear the date with me far enough in advance to avoid conflicts.

We have a new edition of "The Handbook for Clubs" just off the press which you will find to be a great help in planning your year.

We know that the contacts of Alumnae through the Clubs is the best way for the Alumnae Association to move forward into its Second Century of Service.

POLLY PIERCE CORN

Third Vice President

I, as Third Vice President am chairman of the Historical Society for the Restoration of Old Wesleyan.

There have been many problems to solve, the greatest one that of getting the State to purchase Old Wesleyan for a Historic Shrine and Tourist attraction. I shall continue to work on this, with the help of alumnae, in the hope of accomplishing the sale.

RACHAEL BENTLEY

Atlanta, Ga.

Fourth Vice President

The Fourth Vice President is in charge of relationships with the public schools, both secondary and elementary. In carrying out the functions of this office, I want the alumnae to help me make every opportunity to contact the personnel of the public schools. As Wesleyan representatives, help me keep them informed of the place of Wesleyan as a college providing quality education. Help encourage the students who are qualified to seek admission to Wesleyan.

As Fourth Vice President, I invite alumnae in each local community to make similar contacts. Where there is a local alumnae group, teas, et cetera, may be given to high school seniors or individuals interviewed who are prospective students for the next school year.

Wesleyan students doing their student teaching in a community are good public relations people for the college in the secondary and elementary schools. Their presence has made students at all grade levels want to attend Wesleyan when they graduate from high school.

MARY ANDERSON COMER

Treasurer

Objective of office:

As Treasurer I shall keep the alumnae informed as to the financial standing of the Association. The main objective of the Fund Committee will be to stimulate interest in our Loyalty Fund, and to increase our percentage of contributing members.

Your Wesleyan Alumnae Association is beginning a new year—a most important year—for we are celebrating our one hundredth birthday. How wonderful it would be if each alumna would remember Wesleyan through our Loyalty Fund . . . 100% participation for our best annual gift year. If each of us do our bit, however small it might seem by itself, the sum of our contribution will achieve our goal.

BETTJO HOGAN COOK

Secretary

I shall work diligently, and I hope you will, to further the interest of Christian Education in this Centennial year of the Alumnae Association and through the years to come.

As Secretary of the organization I stand ready to use my time and talents toward a brighter future. I shall try to bring alumnae closer to our Alma Mater through written messages, accurate minutes of meetings and through personal contacts.

Congratulations! and

The Piney Woods Art Gallery, Parrott, Georgia, was the scene of an art exhibit in the late summer that attracted much attention and interest.

Ann McGee, who is a 1958 graduate of Wesleyan College was one of the three artists whose paintings were on exhibition. The others were Patricia Stapleton and Frank Crittenden.

Ann's letter to the Alumnae office in reply to our inquiries told us that she met Mrs. Stapleton and Mr. Crittenden through Mrs. Margaret Tilley who had been her counsellor at Wesleyan and whose home is in Parrott.

"Mrs. Deck Pinkston. Mrs. Stapleton's mother, is an art lover of long standing. She had a three room tenant house on her place near Parrott in which she suggested the exhibit be hung. This setting was unique and attractive. Mrs. Pinkston painted the doors a nice blue, and had the walls "mudded"—an interesting process, using clay from the hills nearby. They turned out a soft tan color, and the gallery, although quite rustic, was artistic at the same time." Ann continued, "I exhibited a number of paintings which were in our show at Wesleyan last spring, plus a few things I had done this summer. Mr. Edward Shorter, who founded the Columbus Museum, came down for the exhibit, and invited us to show it at the museum this winter. The opening date will be January 4, and it will be in Columbus for two weeks."

We quote from the Albany Herald, Aug. 7, 1958, a description of a part of the Piney Woods Exhibit.

"Among the works in Miss McGee's collection was the large Mosaic made during her last semester at Wesleyan. After working out a drawing on paper, the design was transferred to a two-by-four foot plywood board which had been shellacked to prevent warping. As a part of the design she had planned two walnut panels to be inlaid with glass mosaic tile, and had a local cabinet maker cut and glue the panels onto the board. After the woodwork was completed she began to work with tile. The one-inch square tiles were cut and carefully fitted together and glued onto the board in a bird design. When the entire surface was covered a special cement was worked into the crevices.

Ann spent three months, averaging three hours a day on the mosaic before it was ready to be cleaned and polished. In the completed work, the warm color of the polished walnut is picked up by the brown glass tile of the birds. The predominant browns and greys are contrasted with white and brilliant blue-greens to make an effective work."

Congratulations!

Margaret Richards (AB 1924), Atlanta, former Secretary to the National Alumnae Association of Wesleyan is Managing Editor of "The Bulletin of the Fulton County Medical Society" published monthly by the Society.

This magazine was the winner of the 1958 Award—American Medical Writers Association which is a *most distinguished* honor and achievement.

In 1952, the American Medical Writers' Association established an "Honor Award for distinguished Service in Medical Journalism." Publications are rated for excellence of design, printing, illustrations, and for distinguished service to the Medical Profession. The awards are akin to the Pulitzer Prizes in Journalism given to newspapers by Columbia University.

The Award consists of a certificate and a plaque which Margaret received for her "Bulletin" at a banquet at the annual meeting of the American Writers Association held in the Morrison Hotel, Chicago, September 26th.

Congratulations to Margaret!

Prof. Sarvis

The death of Professor Guy Sarvis who was killed in an auto accident has brought widespread sorrow to friends in Macon and Orlando, Fla. where they had made their home after leaving Wesleyan where he was Lecturer in Sociology, 1949-51. He and Mrs. Sarvis were on their way to California to make their home where they could be near their children. Deepest sympathy is extended to the family.

Sara Lamon Leaves Wesleyan Library

We regret to announce that Sara Lamon, AB, Class 1929, resigned from her position as Assistant Librarian in August after 12 years. She was a very popular individual on campus and is being sadly missed. The following report was made by the Library Committee to the Faculty at the first meeting of the year.

"The Library Committee would like to say a word concerning Miss Sara Lamon who resigned this summer from her position at Wesleyan to become the librarian at Lanier Junior High School in Macon. It is the usual—perhaps even the hackneyed—thing to say of a person who has fulfilled many years of service to an institution that she is friendly, cooperative, and devoted to her work. These words certainly are applicable to Miss Lamon, but they give a most inadequate picture of what she is like and what has been the nature of her influence upon us. We have all known people who are "friendly" and "cooperative" for reasons which are essentially public relations reasons and who are "devoted to their work" without the least comprehension of what their work really is. Let us add, then, that Miss Lamon has also known what a good library is and how important it is. We will remember her with our hearts, but her work will also be permanently reflected in the Candler Memorial Library.

The Committee would also like to express its appreciation to the administration for having made Miss Katharine Carnes, our librarian, a full professor. The Committee doubts than many of us will ever go for very long without reflecting on the consecration, the patience, and the intelligence of these two women who have contributed so much to the intellectual life and to the development of character among our students."

News of Alumnae

**WANTED: One 1930 Vetteropt
Contact Alumnae Office**

1887

The 90th birthday of **Jessie (Munroe) Dickey** was celebrated August 30th by a family picnic at the home of a granddaughter in Atlanta. Present were her children and their families, including many of her 25 grandchildren and 12 great-grandchildren. Mrs. Dickey who is one of the oldest active members of the Glenn Memorial Methodist Church in Atlanta is the widow of the late James E. Dickey. He was one of Georgia's ten native bishops, and former president for 13 years of Emory University.

She attributes her long life to a strong constitution, but her children think it due to her "delightful and inspiring" philosophy of life. She says: "Going and doing keeps you young and going and doing." She loves to play canasta, and to dress up in pretty blues, peaches, and bright colors. She has followed through her long life and taught her children the simple belief: "Never cross a bridge until you get to it. Live one day at a time."

Our hats are off in salute to a gallant and wonderful lady. May she grace and beautify the world for many more birthdays.

1896

Miss Nellie Reynolds who has been associated with the musical world in Macon for 60 years was honored on her 80th birthday with a party given by **Miss Newell Mason** (1908) in the parlors of the Mulberry Street Methodist Church. Around 175 friends of "Miss Nellie" were invited to attend including the Wes-

leyan Service Guild members, Golden Age members, and former pupils.

1901

In June, 1908, 50 years ago, a double wedding took place at Byron, Ga., and one of the brides was **Bertha (Peavy) Vinson** who still lives there. The Vinsons had children, a daughter who is living in Michigan and a son in business with his father in Byron. There was no special celebration because there had been illness in the families, but the children were on hand for the day.

1907

Recently **Mary (Tigner) Maffett**, Greenville, Ga., and **Nevelle (Matthews) Eldridge** with their husbands, Robert and Clyde, had a wonderful get-together at Nevelle's home in Barnesville. Mary and Nevelle had a wonderful time reminiscing about their days at Wesleyan.

Regina (Rambo) Benson was recently honored by the Greater Atlanta Red Cross Chapter for forty years of volunteer work in the Nurse's Aid Service. She was one of the glamour girls who attended the Golden Anniversary class reunion last Spring.

1913

We extend sympathy and love to **Cornelia (Adams) Heath**, '13 and **Marie (Adams) Timmerman**, '11, in the loss of their mother, Mrs. Carlton B. Adams.

Moore who had a wonderful trip East in the summer and of **Frances (Holden) Morrison** who with her family enjoyed a trip West.

1917

Rev. W. M. Haywood, husband of **Sara (Hodge) Heywood**, died on July 3, 1958, at his home at Henderson, Ga. He served as preacher for 44 years. Mrs. Heywood has accepted a position as hostess with Gardner Watson Funeral Home.

1919

Rosaline (Jenkins) Gilmore has been appointed by the North Georgia Woman's Society of Christian Service to the office of the Secretary of Missionary Personnel. She has also served as secretary of Youth Work in the Atlanta East District, and as Adult Advisor for Faith Program Area in the Conference M.Y.F. Council.

In the summer issue of The Alumni magazine we wrote about Rosaline going to New York to attend the wedding of her nephew Ellis Jenkins to Miss Marguerite Schaedel of Hemstead, N.Y. We want to add that Ellis and his bride are now settled in their ministry to the Methodist Church in Warm Springs, Ga.

Rosaline writes of her stay at Lake Junaluska at the S.E. Jurisdiction of Missions where she was elected a Conference officer (Secretary of Missionary Personnel for North Georgia). There were six Wesleyanians in the School of Missions. She writes that the concert given by **Frances Richardson**, **Doris Jelks** and **Dr. Hoppe** was simply wonderful and afterwards **Nonie (Acree) Quillian** had a lovely reception for the artists and all Wesleyan people at the Lake.

1920

Willie (Snow) Ethridge sailed on July 17 for Russia where she collected material for a book which is in the planning stage.
